

Technical Sales Engineer (m/f) Central Spain Area

Join our Sales Team!

Our external sales team is looking for you. Ideally if you reside in central Spain area. We are looking for high quality candidates and go-getters who, with conviction, sustainability and commitment, will foster further development, growth and success and who want to witness the effects of their contribution.

Your Skills

- In-depth technical qualification in the area of mould construction and/or plastics processing
- Active sales experience
- Well-developed communication skills
- Fundamental knowledge of Business
- Systematic approach to work
- Good MS Office skills
- Conversational English

Your duties

- Customer and contract acquisition
- Gaining market share
- Strengthening customer relationships
- Planning and implementation of targeted sales campaigns
- Systematic potential and market analysis
- Close collaboration with internal sales

You can look forward to

- Challenging and exciting projects
- A professional induction with an insight into the production environment
- Continuous training
- Communal company events and benefit systems

Your opportunities

Benefit from the advantages of a healthy, international medium-sized company with 700 employees and 35 locations worldwide. Based on the HASCO values of agility, innovation, simplicity and performance, we have established ourselves as a leading supplier of modular standards and accessories.

Become part of this success story! Be part of making mould construction even simpler for our customers.

We look forward to meeting you! Salary expectations gladly considered.

HASCO Ibérica de Normalizados SLU.
