

go HASCO®

*The portal for
mouldmaking*

Update 2018

***More time
for other
things.***

HASCO®

Enabling with System.

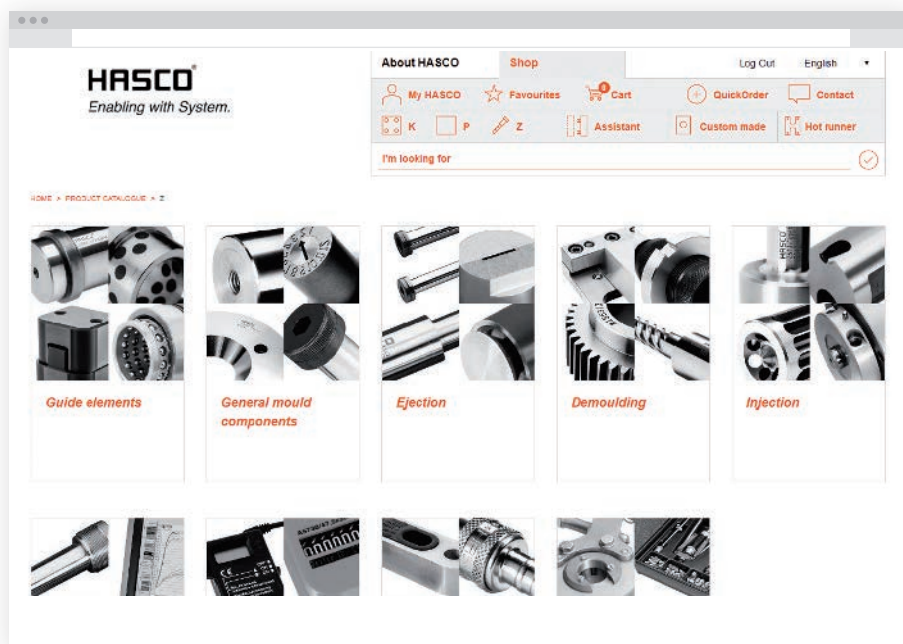

Goal.

Since it was first launched, www.hasco.com has developed into the most modern and high-performance online portal in the industry. HASCO takes up ideas from the market, implements them step-by-step in innovative tools and thus considerably simplifies the design and purchasing process, making it more agile.

Intelligent HASCO product search.

Just a few clicks and you've found precisely what you need amongst 100,000 HASCO products.

- High-performance product navigation with full-text searches
- Filters for 30 product properties

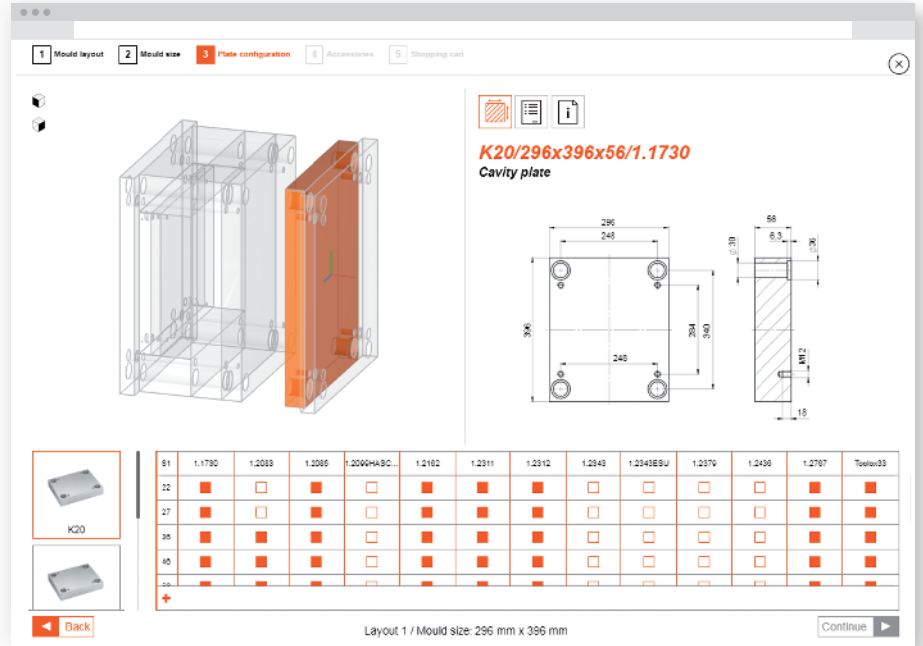

Simplify your purchasing process.

Direct calculation of the costs with simple tools – from standardised products through to custom-made parts.

- Immediate availability check
- Generate/upload parts lists and order products immediately
- Save favourites lists
- Configure your own nameplates for easy mould identification

View cart

Moulds configured at the press of a button.

With the high-performance HASCO mould base assistant, configuring your mould is faster and simpler than ever before – in just five steps you reach your target.

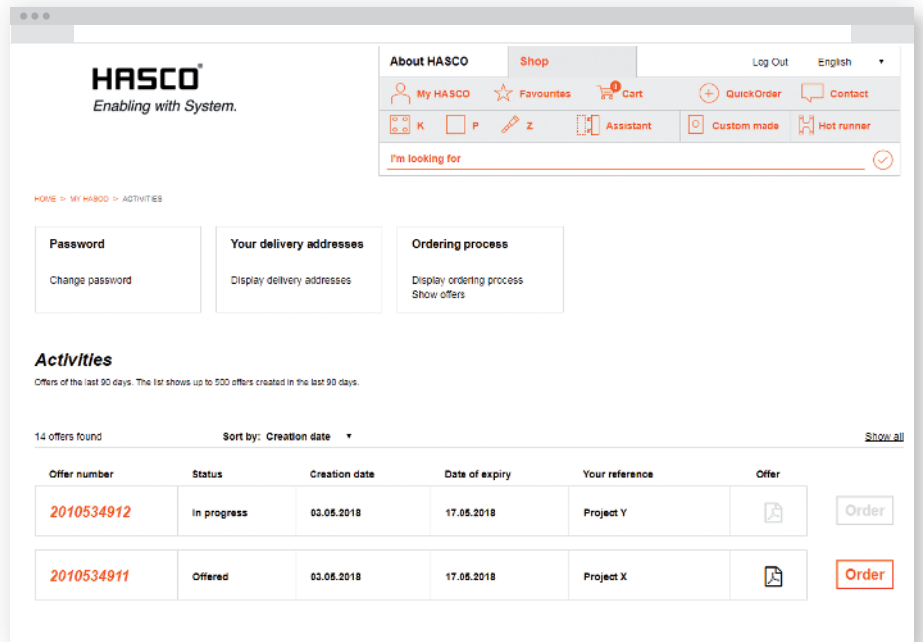

- Complete range of ready-to-mount system components
- Clearly arranged design process
- Editor for individual mould layouts

Live access to quotations and orders.

As a registered user you are always kept fully up-to-date under „My HASCO“.

- Overview of enquiries and orders submitted
- Online quotation requests
- Repeat orders placed with just a few clicks

CAD data download.

The choice is yours – more than 40 different CAD formats are available in the HASCO portal.

- Direct interfaces to most CAD systems
- Use of different exchange formats
- Configurable product assemblies

Fast and reliable delivery.

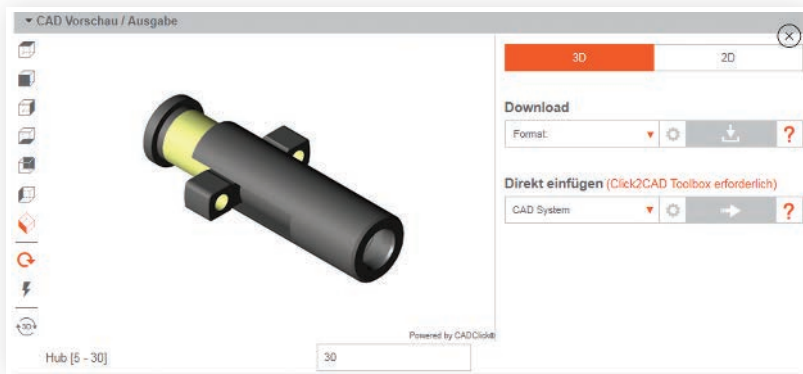

We ensure maximum transparency and simplicity for your logistics.

- International deliveries to locations worldwide
- No shipping charges within the EU, to Switzerland, Norway and Turkey
- Simple consignment tracking for registered users in the portal
- Transparent tracking
- Order-based product labelling on request

About HASCO

Running.

Everything in a single system.

The new HASCO portal combines the company website and shop under a single address – www.hasco.com.

- All the information, innovations and services
- Configure, calculate and order moulds
- Rapid, simple, clear and complete

***www.hasco.com –
round the clock and
all over the globe.***

All products, innovations and services
are available 24/7 worldwide in the
HASCO portal.
